

Dovecot Primary School

Learning together, growing together

Special Educational Needs and Disabilities (SEND) Information Report

Updated November 2024

SENCO: Sue Buckle

SEN Governor: Samantha Dunning

Contact: by email s.buckle@dovecot.liverpool.sch.uk

or by telephone on 0151 259 4065

Dedicated SEN time: 2 x days per week

Local Offer Contribution: See School and Local Offer (www.dovecotprimary.co.uk)

Our Approach as a school:

Dovecot Primary School is a mainstream primary school. We are committed to inclusion and are currently being assessed for a national Inclusion Quality Mark. High quality first teaching and additional interventions are defined through our person-centred planning approach, which takes place across the school contributing to our provision management arrangements. These processes help us to regularly review and record what we offer to all children in our care and what we support we offer in addition when needed. These discussions also serve to embed our high expectations amongst staff, about quality first teaching and the application of a differentiated and personalised approach to teaching and learning. It is our whole-school approach to discuss aspirations and achievements with **ALL** of our learners. This report highlights how we ensure that this practice is embedded within our classrooms, our pastoral care systems and our support arrangements.

Underpinning ALL of our provision in school is the **graduated approach** cycle of:

All teachers are responsible for every child in their care, including those with special educational needs.

Dovecot Primary School

Assess: When assessing a child, school completes an analysis of the pupil's needs which draws on the teacher's assessments and experiences of the pupil, their previous progress and attainment. Targeted pupils are also assessed using Boxall, which scores their social and emotional development. This is put in the context of the individual's development compared to the school's core approach to pupil's progress, attainment and behavior and their peers and national data. The pupil's own views are sought alongside those of external support services if involved. The school liaises fully with outside agencies who are conducting the assessments. Any concerns by parents are actively listened to, recorded and acted upon and responded to. Assessments are reviewed every half term in our school.

Plan: We recognise that we **must** formally notify parents if their child is being provided with SEN support despite prior involvement and communication. The Headteacher, teacher and SENCO agree in consultation with the parent and pupil any adjustments, interventions and support to be put in place as well as the expected impact on progress, outcome development or expected behaviour along with a clear date for review. We write Individual Education Plans for our pupils with Special Educational Needs and review these as often as required but at least three times per year. Provision set out in the profile is agreed and reviewed and linked to our whole school provision map.

Do: The SENCO supports the class teacher by advising appropriate reasonable adjustments and advising on the effective implementation of support and in future or specific external assessments. The teacher remains responsible for working with the child directly or for overseeing the delivery of interventions. They work closely with teaching assistants and specialist staff involved, to plan, assess, do and review the impact of support and how they can be linked to classroom teaching.

Review: Reviews are carried out on the agreed date and impact of interventions is discussed and next steps identified.

Children who have an EHCP (Education, Health and Care Plan) have regular reviews and updates in house and in partnership with the local authority school, they are reviewed annually. These reviews are arranged at school and are part of the SENCOs role. Our meetings are child-centered reviews, which involve key adults supporting the pupil in school, family members and the child themselves. Our meetings are designed to be open discussion forums where we can share ideas of what works for the child in different settings, what we appreciate about them and how we can help them to achieve the best outcomes. The views of parents and the child themselves are pivotal in planning next steps and it is through this partnership working that any supportive strategies will be most successful. When transitioning to another setting information passed on is shared with parents and pupils and this may involve others being present at review meetings and the SENCO attending meetings offsite to support the transition process.

Having consulted with children and their parents, all our additional provision (internal or external) is based on an agreed outcomes and approach. These are discussed with the professionals that offer support to the child and hold both our internal/external providers and ourselves to account.

Dovecot Primary School

SEND Needs:

Children and young people's SEN are generally thought of in the following four broad areas of need and support:

Communication and interaction

- Speech, Language and Communication Difficulties
- ASD (Autism and Asperger's Syndrome)

Across our whole school, there is a strong emphasis on communication and interaction. We work alongside speech and language therapists to deliver personalised programmes of support within the setting and have members of staff who are trained to support children with speech, language and communication difficulties. Children in this category may have difficulties on the Autistic Spectrum and we work closely with our Consortia and Traded Outreach providers to provide specialist support to pupils and their parents/carers.

Specific intervention to support:

- Lego Therapy
- Social Stories
- Blank Level Questioning
- Sabotage
- WELCOM

We work closely with Alder Hey to support targeted programmes and training and support for parents and staff.

Through Consortia, we access speech and language support for individual children, small groups and CPD for staff.

Cognition and learning

- Moderate Learning Difficulties (MLD)
- Severe Learning Difficulties (SLD)
- Profound Multiple Learning Difficulties (PMLD)
- Specific Learning Difficulties including Dyslexia, Dyspraxia and Dyscalculia.

For children who have learning difficulties, we offer a wide range of specialist intervention programmes tailored to individual need.

Dovecot Primary School

We have trained inhouse staff to deliver intensive and high-quality intervention.

For pupils who require an individualised approach to literacy and maths, school is able to implement precision teaching approaches to ensure that progress can be made at a pace that suits the pupil. We advocate the use of multi-sensory teaching approaches and systemic learning opportunities in order to support the learning and engagement of pupils with different learning styles.

We also use specific computer-based programs to enable further access to learning opportunities.

Teaching staff and support staff work closely with the SENCO to ensure teaching practices and resources are appropriate for the needs of individual pupils. We liaise closely with outside agencies to implement their advice and plan further steps of support.

Specific intervention to support:

- Read Write Inc
- 1st Class Number for KS1
- 1st Class Number for KS2

Social, emotional and mental health

- Anxiety
- Depression
- Self-Harming
- Substance Misuse
- Eating Disorders
- Physical symptoms which are medically unexplained
- Attention Deficit Hyperactivity Disorder (ADHD)
- Attention Deficit Disorder (ADD)
- Attachment Disorder (AD)

Our whole School community recognises that some children and young people may experience a wide range of social and emotional difficulties, which manifest themselves in different ways due to the impact of ACES.

It is also recognised by the school that children may display certain behaviours as a result of self-esteem or other issues such as neglect. Staff are experienced in supporting children with a wide range of needs and take steps to ensure our

Dovecot Primary School

pupils access an approach which is right for their needs.

At Dovecot Primary School we provide support for pupil's emotional, mental and social development in the following ways:

- Daily check in systems to ensure children feel safe and secure and ready to learn
- Daily meditation sessions
- Using Zones of Regulation and ROAR Rainbow to remind children of strategies they can use to help them regulate their own feelings and emotions.
- Identification of a key adult to deliver pastoral support
- Individual Behaviour Plans and programmes of support
- Offering various pastoral intervention programmes such as LEGO therapy, Hammer Beads therapy, Boxall and ELSA.
- Accessing support from Outside agencies.
- Helping to develop self-esteem and well-being through the curriculum and conducting themed events
- Maintaining robust anti-bullying practices and ethos throughout school
- Maintaining a consistent and positive behaviour management approach throughout school
- Supporting parents and carers through Family Help
- Employing a Pastoral Lead as part of the SLT, to support children and their families.
- Running various parent/care groups to promote the well-being of families.
- Conducting celebration assemblies weekly to recognise and reward the achievements of all pupils
- Providing a stimulating, nurturing and inspirational learning environment throughout school.
- Providing our pupils with new, interesting and exciting opportunities and experiences both within and beyond the school premises;
- Promoting our school community through social networking and sharing in our pupils' successes;

Mindfulness and meditation are timetabled in to the school day so to allow children to become more confident in using meditation and a strategy to regulate and to prepare them for learning.

In addition to this commitment, staff use PIVATS 5 PSED to implement strategies both in the classroom environment and through intervention groups to support children in their social and emotional development.

This accompanied with whole school training on ACEs and Sensory Difficulties equips the teaching staff at Dovecot Primary school with the knowledge and skills to adequately support children in learning vital coping strategies to assist them on their journey through life.

When appropriate, we can refer children to the school nurse and/or Alder Hey – either to a Community Paediatrician or to CAMHS

Dovecot Primary School

(Childhood and Adolescent Mental Health Services) or other outside agencies for further professional support.

Specific intervention to support:

- ELSA sessions
- Peer Massage
- Lego Therapy/Hammer Bead Therapy
- Friendship
- Yoga

Sensory and/or physical needs

- Visual Impairment (VI)
- Hearing Impairment (HI)
- Multi-Sensory Impairment (MSI)
- Physical Disability (PD)

Dovecot Primary School supports children with a range of physical needs. These needs may be met through a health care plan, agreed in collaboration with health services. Our Supporting Children with Medical Needs policy outlines how we arrange provision for pupils with medical needs. The SENCO works closely with staff and parents to plan provision and involve the necessary agencies to ensure that pupils with physical needs have full access to the curriculum. We are aware that some children are affected by sensory needs and take these into account when planning the classroom environment and when purchasing school resources. All staff are trained in Sensory Processing Difficulties and Sensory diets are implemented throughout the day. We have a Sensory room where sensory diets can be fulfilled as well as resources within each classroom depending on current need.

Staff have had training regarding supporting children and families with Attachment Issues.

The SENCO can make referrals to Alder Hey for a range of services following discussions with parents/carers and the allocated school nurse team.

Specific intervention to support:

- Sensory circuits
- Sensory boxes

Dovecot Primary School

- Sensory equipment in classes
- Physio programmes

General provision in school

Currently we have 43 children on the school SEND register. Of these 34 children have received or are receiving external support from other agencies.

Currently we have 6 children supported with an Education, Health, Care Plan. There are 3 children currently under assessment with the SEND team for an EHCP and 4 children undergoing assessment with a view to an EHCP application for assessment process being made.

Internal monitoring of the quality of provision and assessment of pupils on the SEND register includes regular learning walks, half termly data analysis, lesson observations, pupil progress meetings, discussions with pupils, provision mapping, Individual Education Plan outcomes and reviews, annual reviews and whole school development planning.

External monitoring has included regular visits from Liverpool School Improvement SEN department and we are currently working towards an inspection for National Inclusion Mark.

Co-Producing with children and parents/carers

Involving parents/carers and learners in the dialogue is central to our approach and we do this through:

Action/Event	Who's involved	Frequency
Individual Education Plans Reviews	Parents/carers, pupils, all staff	Termly
EHCP Annual Reviews	Parents/carers, pupils, staff and outside agencies involved	Annually
Early Help Assessment Tool (EHAT) Reviews	Parents/carers, pupils, staff and outside agencies involved	Every 6-12 weeks
Meetings after assessment visits i.e. from Educational Psychologist, Speech and Language Therapist (SALT), Seedlings	Relevant staff, SENCO, parents, pupil and outside agencies.	When needed
SEND Parents Evenings	Parents/carers, pupils, SENCO	Termly
Transition Meetings	Previous and new class teachers, SENDCo and parents of specific children who require support with transition.	Summer Term

Dovecot Primary School

Transition Meetings	SENCO and Secondary Schools SENCO, parents, pupils	Arranged by SIL Inclusion & SEND team
EYFS Welcome Meeting	EYFS staff, Headteacher, SENCO, Business Manager, EWO	Summer Term

External Agencies

We work alongside the following agencies through Consortia:

- CAHMS
- SENNIS
- Together Trust

Other agencies we access for support include:

- School Improvement Liverpool
- Local Area Educational Psychologist
- Community Paediatrics
- Children's Services
- Advanced Solutions
- ADHD Foundation
- Young Carers/Barnados
- Fusion
- YPAS
- Butterflies
- Local Area OT
- Local Area Speech and Language Therapy
- Sensory Service
- Liverpool Autism Outreach Service
- EMTAS
- ESOL
- School Health
- EWO
- Social Inclusion
- Social Care
- Parent Support Services
- Housing
- Benefit Maximisation Team
- Daisy UK
- Purple Circle
- Art Therapist
- Priority Youth Counsellor

Dovecot Primary School

Staff Development and Qualifications

We are committed to developing the ongoing expertise of our staff. We have current expertise in our school:

Initials of person	Area of expertise	Level of Qualification
KB	SEND Provision THINc Room Therapy Boxall THRIVE RWI	QTS Degree Level National Award for SENCO NPQH
SB	SEND Provision Boxall RWI ACEs and Attachment	QTS Degree Level National Award for SENCO
DW	Boxall ROAR ACES ELSA Parental Support	
JM	WELCOM	QTS Degree Level
JC	1 st Number	Level 3
GP/JC	Sensory processing	Level 3
GP/JC/KC	Precision Training	Level 3
SW	WELCOM	Level 3
All LSAs	RWI Lego Therapy	Level 2 & 3
All staff	Positive Handling RWI ROAR ACEs Blank Level Therapy Executive Functioning Skills Sensory Difficulties Dyslexia Awareness	

In addition, the SENCO attends the School Improvement SEN Briefings which take place in November and March. These provide an invaluable opportunity to access new and relevant SEND information, alongside key updates, specialist training, support and advice

We also attend termly Consortia meetings to liaise with other schools to discuss needs of pupils and outreach providers we can access.

Dovecot Primary School

Training

Focussed training for staff this year has been:

- ACEs
- Sensory Processing
- Dyslexia Awareness and Strategies

Staff Deployment

Considerable thought, planning and preparation goes into utilising our support staff to ensure children achieve the best outcomes. This includes opportunities for them to gain independence and prepare them for adulthood from the earliest possible age.

All classes have access to Learning Support Assistant support on a daily basis. In addition, the school has one HLTA to support interventions for children at SEN Support. Our support staff have a high level of expertise in supporting pupils and delivering interventions. They are deployed throughout school to target cohorts of children with specific needs or individual pupils. Their targeted support is decided at half termly progress meetings.

Finance

Our SEND budget is allocated in the following ways:

- Additional members of support staff.
- SENCO management and support time.
- Extensive CPD opportunities for staff.
- Resources to support sensory needs.
- Specific training for interventions.

Where pupils present with high level needs, the school are able to request additional funding from Liverpool City Council in order to plan effective provision within the setting. This is arranged through requests for high-needs funding. At present we have 2 children supported through high-needs funding additional to allocation through EHCP.

We believe this has benefited our children and their families by improving:

- Staff knowledge and expertise when working with children and families
- The level of support for those pupils who require it
- The confidence and self-esteem of many of our pupils.
- Teacher/pupil relationships within busy classrooms.
- The achievement and progress from base line data in all subjects.

School External Partnerships and Transition Plans

Our academic assessment for children and young people with special educational needs is moderated through our cluster of schools via the consortia and our neighbouring partners.

Dovecot Primary School

We work closely with the SEND office to ensure that our provision for children with EHCPs is used to its full potential. Charlotte Carpenter is our named SEND Officer.

Our transition approach involves meeting with the staff at receiving schools and ensuring that all relevant information is transferred effectively. This has also involved Team Around the Child meetings to ensure that all professionals working with families have been involved in this process. We also welcome opportunities to conduct person-centred planning meetings with receiving schools.

Complaints

At Dovecot Primary School, complaints should first be raised with the Head teacher and/or SENCO. If unresolved, parents/carers will be signposted towards the SEND governor. If still unresolved then parents/carers will be encouraged to liaise with our school SEND officer from the LA.

Managing parental complaints relating to SEND may involve:

- Meetings with the parents/carers, perhaps involving a mediator such as Parent Partnership.
- Key issues identified and action plans written.
- Discussions with the SENCO and members of staff involved.
- Reports/assessments provided by outside agencies.
- Reviewing outcomes to examine the exact progress the pupil has made.
- Using behaviour logs to demonstrate issues and strategies used to address them.
- Use of home school diaries to aid communication.

We have had no complaints regarding SEND provision this academic year

What has worked this year?

- Continuing to increase the effectiveness of provision in narrowing the gap between pupils identified as SEN Support and their peers.
- Continuing to capture pupil voice to demonstrate that children and young people feel supported and happy in their setting.
- Continuing to support pupils at SEN Support and with EHC Plans to make and in some cases exceed expected progress from base line assessment.
- Continuing to embed ROAR as a whole school approach.

Dovecot Primary School

- Developing further our collaboration with other schools for support and advice through Consortia.

Further Development

Our strategic plans for developing and enhancing SEN provision in our school next year include:

- Continued evaluation of data to assess and monitor the progress and attainment of SEND pupils.
- Continued development of pupil and parent/carers feedback and collaboration and how this impacts on progress and attainment of SEND children.
- Continued focus on narrowing gaps and progress.
- Zones of Regulation to enhance regulation strategies for children
- Development of a nurture base to support personalised learning needs.

Relevant school policies underpinning this SEN Information Report include:

All our policies are fully inclusive and when referring to children it is read as all children regardless of SEND status.
